Handbook for Counsellors
of Newcomers \$2.50

Local Directory \$1.00

Prepared: June, 1975

CAZON
CR 40
75116

This Renfrew/Lanark Information Directory is a supplement to the Handbook for Counsellors of Newcomers and can be used separately or in conjunction with the Handbook. It was prepared in cooperation with the Lanark County Community Resource File.

Because we are in the process of changing the Handbook from one integrated publication (main section plus local supplement) to two separate, complementary books, there are dual page numbers in this local directory. The bracketed numbers in the lower corner correspond with the following missing pages of the Handbook: 29, 40, 51, 70, 83, 98, 105, 110, 117, 122, 133, 136, 139. (e.g. pages 29, 29a, 29b, etc., all pertain to the Employment section of the Handbook: pages 40, 40a, 40b, etc., all pertain to the

Health section of the Handbook, etc.) References are made in the main section of the Handbook to these pages for the local addresses of services or organizations mentioned in the Handbook. The numbers centred at the bottom of the pages in this local directory are the standard consecutive page numbers.

It is hoped that this format for your local supplement will prove to be a convenient reference for addresses and local information, with the Handbook available for more detailed information.

Your comments and suggestions on how this directory could be improved would be appreciated.

Mental Health

Mental Health facilities (including those for mental retardation) exist in both counties, for all ages.

Public health units and local physicians offer counselling and referrals to two County mental health and mental retardation teams based from the Royal Ottawa Hospital and from Rideau Regional Centre for Handicapped Children.

Nursery schools (pages 24 & 25) often offer special development programmes; education boards in both counties (p. 28) offer special classes and schools (page 29) as well as counselling in this area.

Mental Retardation Associations in both countries may be contacted through ARC Industry workshops (page 4). For other mental health problems, psychiatrists are available in the larger population centres, as is the psychiatric department in Pembroke General Hospital (page 11).

Among the large variety, winter carnivals, summer festivals, civic festivals and Fall Fairs are the most popular. Others include sports rallies, tournaments and regattas; suppers, barbecues; Maple Syrup festivals, Pioneer and municipality "Days". Church groups and service clubs often organize other events throughout the year.

Forestry

The Ontario Ministry of Natural Resources (see page 52) carries out any extensive reforestation programmes: others are

usually carried out on private basus, though a few municipalities have a parks department (see page 52).
